Employment Provisions for Second Year Students by Summer 2023 OCI (July 25-28, 2023), Job Fair, and NALP Member Employers:

Summer employment offers to students whether not previously employed or previously employed by the employer

- Employers offering positions for the following summer to USC Gould School of Law candidates should leave those offers open for at least 14 days following the date of the offer letter or until 14 days following the last day of Summer 2023 OCI (e.g. August 11, 2023) whichever comes later.
- Gould candidates may request that an employer extend the deadline to accept the employer's offer for an additional 7 days if the candidate is actively pursuing positions that require a longer time horizon for offer decision-making. Employers are encouraged to grant such requests.
- Gould candidates should reaffirm interest in offers if an employer requests such reaffirmation in its offer letter. Employers may retract any offer that is not reaffirmed as requested.

Offers extended prior to Summer 2023 OCI

- If an employer makes an offer to a candidate before the beginning of Gould's Summer 2023 OCI (held July 25-28, 2023), that employer should leave the offer open until at least August 11, 2023 which is 14 days following the last day of Summer OCI. Employers are encouraged to grant such requests.

Offer Limits

- Gould candidates may hold no more than four private sector offers at one time and are expected to decline offers in which they no longer have an interest as quickly as possible.

Public Sector Extensions

- Gould candidates may request that an employer extend the deadline to accept the employer's offer until as late as April 1 if the candidate is actively pursuing positions with public interest or government organizations. Gould candidates may hold open only one private-sector offer in such circumstances. Employers are encouraged to grant such requests.

Full-Time Post-Graduate Employment

Candidates Not Previously Employed by the Employer

- Offers for permanent post-graduate employment should remain open for 14 days from the date of the written offer letter.
- Employers should grant reasonable requests for extensions to students to whom they have extended these offers.

Candidates Previously Employed by the Employer

- Offers for permanent post-graduate employment made to students previously employed by the employer should remain open until October 1 of the student's final year, or for 14 days from the date of the written offer, whichever is later.
- Employers should grant reasonable requests for extensions to students to whom they have extended offers.

1L Law Students

Recognizing students' attention during their first semester of law school should be focused primarily on their academic pursuits, USC Gould School of Law recommends employers focus their contact with 1Ls during this time on career exploration matters, rather than on employment-related contact. Employers wishing to connect with first-year students, whether individually or collectively, may contact the CSO on how best to do so.

Timing of Soliciting Applications from 1L Students and Offer-decision window

- USC Gould requests that employers begin soliciting applications from first-year students on or after December 1. Exceptions to this date may be made on a case-by-case basis.
- Summer employment offers made by NALP member employers to first-year law students should remain open for at least 14 days following the date of the offer letter.
- Non-NALP member employers should provide a reasonable decision-making window of one week and when possible grant a request for an extension should a student's situation dictate.
