“Receiving the Need-Based Grant has had a profound impact on my life. This scholarship has not only relieved financial burdens, allowing me to focus more on my studies, but it has also provided me with validation and encouragement. The knowledge that someone believes in my potential and is willing to invest in my education has inspired me. The weight lifted by this scholarship has enabled me to fully immerse myself in the academic and extracurricular opportunities at USC Gould. I am committed to using this education to contribute meaningfully to the field of law. Thank you for your generosity.”

“I never thought attending USC was a realistic option until the day I received a notification that I had been awarded a scholarship. I will never forget the feeling: after all these years of dreading a universe of debt, suddenly it was not just law school that was attainable, it was my desired future.

Your gift not only changed the course of my life, it changed my outlook on myself. From the day I received the scholarship, I was no longer one of the thousands of students who dreamed of building a legal career, I was someone who could actually make it happen.”

“This semester I learned more and enjoyed school more than I ever have before, and you are the reason. If there were no kind-hearted and generous people such as yourself, people like me, who have the passion but not the resources, would not have a chance at pursuing a better life. The pursuit of my academic passion and a better life for my family would not be possible without your kindness, and for that I wholeheartedly thank you.”

“Thank you very much for my scholarship, which allows me to attend USC. As a double Trojan, USC means more and more to me with each day and year that passes. I am so fortunate to walk this beautiful campus, learn from incredible professors, and be surrounded by supportive peers daily. Though law school presents its challenges, USC Gould is a community that provides all the resources necessary to help me succeed. Your donation and kindness make my experience possible, alleviating financial pressure on my family, and allowing me to attend my favorite school. When I received the email of my scholarship award, it made all the difference in knowing that, without a doubt, the USC Gould School of Law would be my home for the next three years. Thank you for your generosity, your kindness, and your invaluable gift of a wonderful education.”

“After being accepted to USC Gould, I was extremely humbled and grateful to receive a scholarship, which made my attendance at USC Gould a possibility. At USC Gould, I have been able to enroll in a vast array of courses, learn from renowned professors, and attend networking events with USC Gould alumni in Los Angeles and across the country. Thus, I have formed a strong academic and professional legal skillset that will help me prepare for and excel in my career in business and corporate law.

I would like to sincerely thank you for your invaluable contribution to my legal education and career. I am ever grateful for your continued support, which has allowed me to grow intellectually, academically, and professionally.”
